(2 mins)

I like this television very much. How much does it cost?

It's the most expensive model in the shop. It costs five thousand dollars.

That's too expensive for us. We can't afford all that money.

This model's less expensive than that one. It's only three thousand dollars. But, of course, it's not as good as the expensive one.

## ◆ C. Dialog - Read

(2 mins)

I don't like this model. The other model's more expensive, but it's worth the money.

Can we buy it on installments?

Do you like it, dear?

I certainly do, but I don't like the price. You always want the best, but we can't afford it. Sometimes you think you're a billionaire!

Of course. You can pay a deposit of three hundred dollars, and then one hundred and forty dollars a month for three years.

Billionaires don't buy things on installments!
